Birthdays are Special!

It is our pleasure and privilege to offer birthday celebrations at Heartfelt. When my daughter was young, her favorite day was her birthday. We both took great delight in planning her yearly party—simple crafts, some games, decorations, sometimes a puppet show, a yummy homemade cake. We would plan and discuss the big event for weeks ahead of time.

Her favorite part was planning and preparing the goody bags. Then suddenly, when she turned 16, she no longer wanted to have a party. Her childhood was over—but we had great memories!

My own girlhood birthdays were simple affairs, yet highly anticipated. The presents were less important than being singled out and celebrated. My siblings and I each had a favorite cake—my brother loved spice cake, while my pick was always chocolate cake with fluffy white seven minute frosting. Those exciting moments when the candles glowed on the cake were so thrilling and over all too quickly, almost like childhood itself.

I am happy to meet with you and your child to plan their special day, to discuss activities and show you samples of the various craft options. The quality of the experience for your child and their friends is of utmost important to us.
