## Crafts for Adults

*Crafting has so many benefits. We adults need to work with our hands as much or even more than children do. It brings stress relief and relaxation, satisfaction, improved self esteem, and happiness. Handwork gets us off our phones and improves our mental agility and fine motor skills. And crafting with friends and family brings with it the warmth of community. Come craft at Heartfelt; we are never too old to try something new!*

### PAINTING WITH WOOL
