♥ Friday August 15th	Pet Crafts

## Camp Registration

Cost is \$85 for this one-day camp. Register your child by calling or visiting the shop. Payment in full is due at the time of registration. The camp fee is non-refundable.

### What to Bring

Please pack a lunch and water bottle for your child. Play clothes and comfortable shoes should be worn. There will be a release form for parents/guardians to complete and sign. These forms will be emailed ahead of time; copies will also be available at the shop on camp day.

## Mini Makers Market

**When:** Saturday August 23rd 10 am to 2 pm

**Where:** Heartfelt 4306 Upton Ave South Mpls

**What:** A market for Mini Makers to sell their handmade creations

**Who:** School-age makers

Announcing our second annual Mini Market where school aged makers can sell their products at Heartfelt. Kids can practice being small business owners, learn a little about economics, and make crafts all summer. And they will keep all the money from the sales of their products.

Visit our website for more information [heartfeltonline.com](http://heartfeltonline.com)

## Friday Mini Camps

We hear you! Summer camps for kids are popular, and nabbing your spot can be competitive! We experienced this first hand when this year's Senior Camps (for kids ages 8 and up) filled very quickly.

In response to this demand, we are announcing our new Friday Mini Camps. This addition will allow more children to experience craft camps at Heartfelt!

Here are the details:

- ♥ Kids ages 8+ are welcome.
- ♥ Camps run 10am-2pm on Fridays this summer.
- ♥ Each camp has its own theme.

Children will do several creative projects and bring them home at the end of the day. Children will bring a lunch and eat together on our patio.

Our Mini Camps are limited to five children facilitated by experienced staff, maintaining a personal small-group environment.

# Friday Mini Camps

## Up North

Fri June 20th

Going “up north” to a cabin or camping is a cherished tradition of summer in Minnesota, offering a peaceful escape from daily life and a chance to enjoy nature’s beauty. We will create a miniature camping set for peg dolls, complete with a tent, trees, and a campfire. Let’s paint a wooden rowboat too, so our peg campers can get out on the water and explore.

## Dog Crafts

Fri June 27th

Dogs are amazing animals: they offer constant affection, loyalty, and emotional support. Dogs provide a strong sense of companionship and reduce feelings of loneliness. Their playful nature and funny antics bring laughter, energy, and joy into our homes. Children will make a dog yard with wooden peg dogs, and a doghouse.

We will add to our dog pack by making more dogs with modeling beeswax too.

## Dragons & Castles

Fri July 11th

Dragons are legendary creatures found in the myths of cultures all over the world. They are depicted as large, powerful reptiles with wings, horns, sharp claws, and the ability to breathe fire! We will make painted dragons with sparkly wings, and a wooden castle too. The children will learn how to create illuminated letters, which are large decorative letters found at the beginning of a section of text. They especially were prominent during the Middle Ages.

## Nature Crafts

Fri July 18th

Natural materials offer rich textures, colors and shapes that inspire creativity in unique ways. Crafting with natural items fosters respect for the environment and a deeper appreciation for the natural world. Our projects will be flower and leaf plant prints, clay and stick creatures, and branch weaving.

## Miniature Crafts

Fri July 25th

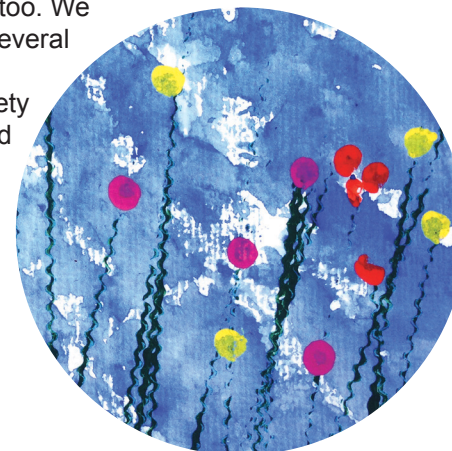

Tiny versions of real things spark curiosity and feel almost magical, like peeking into another world. Miniatures inspire wonder and imagination. Children will paint a small wooden house, then make furniture and little people to live inside. We will create miniature accessories too.

## Fine Art

Fri August 1st

Art supports kids emotional, intellectual, social, and physical development. Art gives kids an outlet to express feelings, thoughts, and ideas they may not have words for. It teaches them that their ideas matter and develops fine motor skills too. We will create several landscapes using a variety of media and techniques: watercolors, acrylic on canvas, and collage.

## Cardboard Crafts

Fri August 8th

Cardboard is amazingly versatile for crafting. It’s easy to cut, fold, paint, glue, and shape. Working with cardboard supports skills like problem-solving, design, and basic engineering. Our projects will include an art mask, and an animal family.

## Pet Crafts

Fri August 15th

Pet crafts are fun because they combine creativity, love for animals, and hands on play in a way that’s joyful and meaningful. Children will wind yarn to make a wooly pompom animal, then decorate a carry crate for their pet. We will make a pair of wooden cats too, then paint a box to be their home.
